

### **Hamamatsu C12880MA Spectrometer FOV Adaptor**

- This adaptor slips on and reduces the FOV of the sensor from  $180^\circ$  to  $26^\circ$
- One adaptor per sensor.
- The sharp corner (the corner with the triangle) should be lined up with the sharp corner of the sensor when installing. (This is shown in red on Image 1 and 2)
- The adaptor should be printed using TPU
